

## K500 Control3 V 8.0

February 2021

### New Features

- **Certified Engraving**  
From this version on, the K500 G3 supports Certified Engraving. Certified Engraving provides automated quality assurance for cylinder engraving. Certified Engraving includes measurement procedures that measure and record critical parameters of the cylinder production directly on the HelioKlischograph:
  - Automatic detection of cylinder slippage
  - Automatic measurement of gray scales
  - Certificate with all information about the engraving
- **More new functions:**
  - Electronic stylus height compensation
  - Monitoring stylus angle measuring interval
  - Hell ImageViewer
  - CheckDesigner
  - more

### Software Compatibility

HelioDisk V 6.14  
HelioCom V 10.0
