

## K500 HelioDisk V 6.12

March 2019

### New functions

- **HQH Pro**  
HQH Pro parameter can now be set in HelioDisk.
- **MultiTune**  
Engravings that have been performed by a MultiTune engraving head are marked as such in the window „testcut result“.
- **Print Jobticket**  
For old job-tickets the gravurecheck values were printed with wrong values, if no entry was made by the Helio. This problem was solved
- **Operating systems**  
Mac OSX 10.14 is now supported.
