

### New Features

- **Artpro Format 6.5**  
HelioCom supports Artpro native file format up to version 6.5. These Artpro jobs can directly be opened in HelioCom.
- **Optimized PostScript / PDF Import**  
Version 6.5 includes further improvements on the Postscript and PDF import module.
- **Extended Step & Repeat Function**  
„Step & Repeat Tabular“ allows to position a label now relative to the previous input.  
*See Illustration*
- **Further new features**  
See „Final Release Notes“ on Install CD.
