

K500 Control3 V 5.0.19

December 2016

New functions

- **"+"-Engraving heads**
From this version on HelioSprint BC⁺ and HelioXtreme⁺ engraving heads are fully supported. This means they will engrave with up to 9 kHz.
- **Check Twain suitability of combination engraving head types**
When mounting different types of engraving heads the specific head combination will be checked for suitability of Twain engraving.
- **Enhanced Gravurecheck certificate**
The measured stylus angle will be displayed.
- **Many other new features / bug fixing**
Many other new features have been implemented. Several bugs have been fixed. See „Release_Notes“ file.

Software compatibility

HelioDisk V 6.6.0

HelioCom V 10.0
