

K500 Control V 2.2

April 2010

CellEye

New functions

- **CellEye**
From this version on the innovative testcut procedure CellEye is supported.
- **XtremeEngraving**
Enhancements affecting seamless engraving, edge quality and unwanted patterning.
- **Sequential engraving**
Now the K500 supports automatic sequential engraving, which was previously configured during job preparations with HelioDisk.
- **Engraving amplifier values**
During testcut sequence the machine will display the actual engraving amplifier values and the limit values.
- **Stylus lifetime**
The stylus lifetime is constantly displayed.
- **Bug fixing**
Several bugs have been fixed.
See „Release_Notes“ file.
